

NIHONKAI MATHEMATICAL JOURNAL

Vol. 21, No. 2 (2010)

Contents

Tadasuke YASUMURA: Triple coverings of the projective plane branched along quintic curves	73
Yuiya SONDA, Issei KUWANO, and Tamaki TANAKA: Cone-semicontinuity of set-valued maps by analogy with real-valued semicontinuity	91
Go HIRASAWA, Takeshi MIURA, and Rumi SHINDO: A generalization of the Banach-Stone theorem for commutative Banach algebras	105
Go HIRASAWA and Hirokazu OKA: A polynomially spectrum preserving map between uniform algebras	115
